

# July Summer Math Activity Calendar.

Hang this calendar on your fridge, and you'll never run out of ways to have fun learning math this summer! Better yet, try DreamBox Learning K-2 Math: where serious learning is seriously fun! [www.dreambox.com](http://www.dreambox.com)

			<p><b>1</b> In 1963, zip codes for US Mail were born. What's your zip code? What state has the lowest number? What about highest?</p>		<p><b>3</b> Go to an observatory or use a telescope to find the planet Saturn in the sky.</p>	<p><b>4</b> Independence Day - The Declaration of Independence was signed in 1776. How long ago was that?</p>
<p><b>5</b> Count the number of stripes and stars on the US flag. What do those numbers represent?</p>		<p><b>7</b> National Strawberry Sundae Day - count the number of strawberries on your ice cream.</p>	<p><b>8</b> How many states are in the US? Which one was first?</p>		<p><b>10</b> Did you know: in 1913, Death Valley, CA hit 134 °F, the highest temperature recorded in the USA?</p>	
	<p><b>13</b> Celebrate summer math learning with "Embrace your Geekiness Day."</p>	<p><b>14</b> Happy birthday Gerald Ford - how many different presidents are there?</p>		<p><b>16</b> International Juggling Day - learn to juggle with handkerchiefs then try bean bags.</p>	<p><b>17</b> In 1955, Disneyland opens. Find how old your grandparents were on this day.</p>	
	<p><b>20</b> Apollo 11 moon landing anniversary - find how many days it takes to travel to the moon.</p>	<p><b>21</b> Jean Picard's birthday - 1620 (he made astronomical observations more accurate). Use a telescope to find Venus!</p>	<p><b>22</b> Pi Approximation Day (Pi is roughly = to 22/7 or 3.14)</p>		<p><b>24</b> Did you know: In 1954 - A US laboratory transmitted the first voice earth-to-earth messages using the moon as a reflector?</p>	
<p><b>26</b> Parent's Day - make them a gift using Red, White and Blue.</p>	<p><b>27</b> Learn about climate change. Watch Planet Earth and list ways scientists use math to track climate change.</p>	<p><b>28</b> Did you know: Mt. McKinley in Alaska is 20,320 feet tall. How much taller do you have to be to touch the top?</p>		<p><b>30</b> Apollo 15 lunar landing anniversary. How many craters does the moon have?</p>
