

December

Math Activity Calendar.

December is Holiday Math Month. Celebrate your family's own traditions, and some less traditional holidays, with fun math lessons and more! Print this calendar and celebrate—'tis always the season for learning activities.

S	M	T	W	T	F	S
						
		1	2 Coats for Kids Day. Help your parents donate your old coats.	3 National Roof Over Your Head Day. How many times have you been told to appreciate the roof over your head?	4 National Dice Day. Play a game of Yahtzee.	5 Walt Disney's Birthday. How many miles is it from your house to Disneyland?
6	7 Letter Writing Day. Write a letter to your mom or dad.	8 	9 Grace Murray Hoppers Birthday. An early programmer of the Harvard Mark 1 computer. Play a game for her!	10 	11 Hanukkah begins at sundown. How many days are celebrated in this holiday?	12 Hovercraft Day. The hovercraft was patented today by Sir Christopher Cockerill.
13 National Cocoa Day. Warm up with a cup of hot cocoa. How many teaspoons of cocoa powder do you need?	14 South Pole Discovered Day. Proving Santa lives at the North Pole, since he was nowhere to be found.	15 	16 	17 Wright Brothers Day. Discover what flight was like at Kitty Hawk in 1903.	18 	19 Oatmeal Muffin Day. Count the raisins in your oatmeal muffin.
20 Games Day. Play your favorite sports game, board game or computer game and get away from that TV!	21 Winter Solstice. The shortest day of the year in the North. How many hours of daylight were there?	22 Thermometer Day. Gabriel Fahrenheit invented the mercury thermometer so we can measure how cold it is!	23 Roots Day. Celebrate your heritage by learning about your family tree.	24 Christmas Eve. How many reindeer are there supposed to be tonight?	25 Christmas Day. Enjoy spending today with your family and friends!	26 Kwanzaa begins. How many candles are lit in a Kinara?
27 	28 Card Playing Day. Learn how to play 21!	29 	30 Baking Soda Day. How much baking soda and vinegar do you need to build an erupting volcano.	31 New Year's Eve. Count down to midnight tonight.		

Holiday Countdown Calendar Bonus Page

Turn our December activity calendar into a countdown! You'll need scissors and a gluestick. Cut along the dotted lines below and you'll have 25 squares. Glue a square on our activity calendar every day before December 25 to "countdown" the days. What a wonderful way to capture the magic of the season.
