

DreamBox Learning® FlexPD™

PROFESSIONAL DEVELOPMENT THAT'S ENGAGING AND EFFECTIVE.
EMPOWER EDUCATORS AND DRIVE RESULTS IN THE CLASSROOM.

DreamBox Learning® FlexPD™ offers a range of courses to meet the learning needs of your entire math staff, and help them realize the full potential of a blended-learning practice.

Our experienced and knowledgeable professional development (PD) team works alongside you to develop a customized plan expressly aligned to your district and/or school goals and objectives.

PROFESSIONAL DEVELOPMENT ON YOUR SCHEDULE

FlexPD helps school and district math leaders truly scale and personalize professional learning opportunities for teachers and instructional coaches by combining live virtual sessions, and MyFlexPD™, to deliver learner-centric content focused on educators' individual needs.

DreamBox offers these professional development packages:

Personalized with your goals in mind, the DreamBox team facilitates learning opportunities that engage, empower, and build educator confidence.
