Official Rules

All educators who are affiliated with a classroom actively using DreamBox Learning® Math in the United States and Canada, may enter into the '2017 Fall Math Challenge' contest ('the contest') hosted by DreamBox Learning. Only paid, 12-month (plus) contract customers who have registered to participate in the 2017 Fall Math Challenge are eligible to win prizes.

Registration

Teachers can register single or multiple classes to compete, and each class will automatically be entered in one of three grade bands:

- Grades K-2
- Grades 3-5
- Grades 6-8

Teachers can register their classroom(s) using their Teacher Insights Dashboard. Any classroom that has been registered in any of the categories that has less than 5 students and more than 40 students may not participate in a classroom contest due to prize allocation. If the classroom has a mix of two or more grade levels, the class will be entered in the grade level band of the highest-grade level students represented. The grade band in which the classroom is based is dependent upon the assigned grade level in the "Settings" in the Insight Dashboard. Official registration closes Monday, November 6, 2017.
